

How the Notification Panel Works for Owner Operators on the 24/7 Truckin App

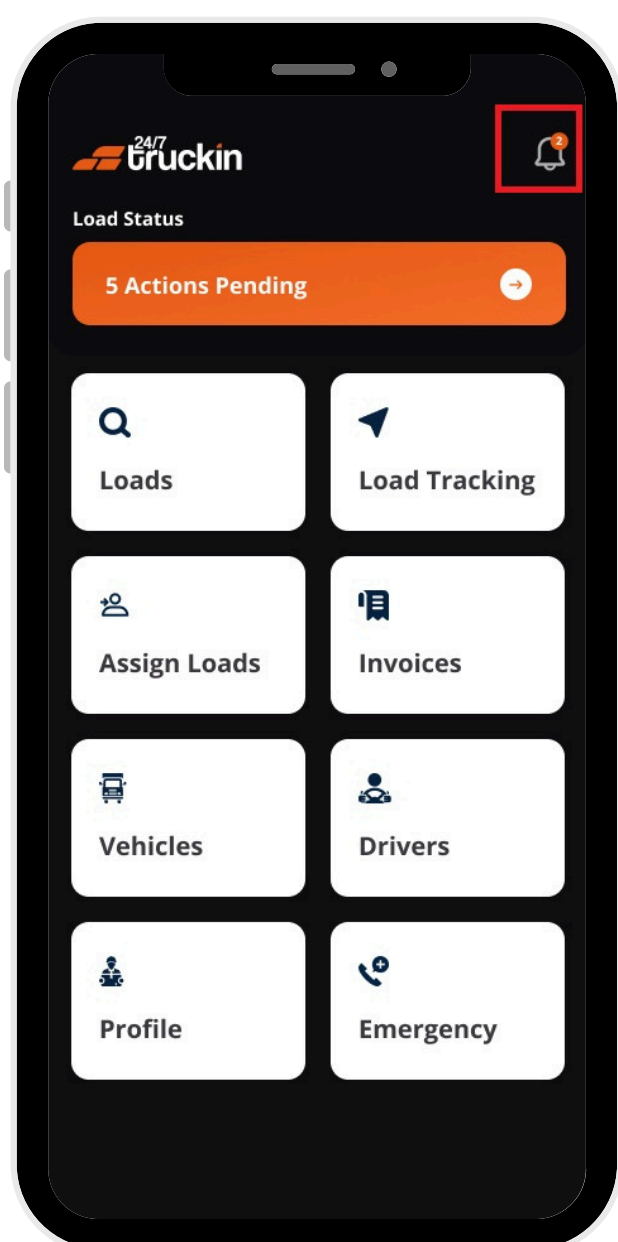

Stay Updated in Real Time

Overview:

The Notification Panel keeps owner operators updated on critical events, such as load assignments, bid statuses, and document submissions, ensuring real-time communication and task tracking.

Steps are as follow:

1. Open the 24/7 Truckin App

- Launch the app on your mobile device.

2. Go to the Notification Panel

- On the homepage, tap the "Notifications icon".
- The "Notification Panel" will display all your notifications in chronological order.

Types of Notifications

- 1. You Have Been Invited:** Sent when a broker "invites" the owner operator to view load details and bid on a load.
- 2. Your Bid Has Been Accepted:** Sent when the owner operator bid on a load is "approved" by a broker.
- 3. Your Bid Has Been Rejected:** Sent when the owner operator bid on a load is "declined" by a broker.
- 4. Load Contract Document Received:** Sent when the owner operator wins a load and the broker "sends" the "load contract document". After "signing it", owner operator have to "send" the document back to the broker.
